

Welcome to CBC AWANA!

Thank you so much for your interest in our AWANA program hosted here at Calvary Baptist Church. My name is Jeff Merryman, and my wife, Jessica, and I serve as the commanding team; we are humbled by your interest in participating. This is Jess' and my second year commanding the AWANA program, and I can say God has richly blessed the club at Calvary. This is His club, and we are merely His servants. We can see throughout Scripture that plans only succeed when they are committed to the Lord and His truth as told in the Bible. It is our goal here to invest in the next generation of the church (universal), the edification of the same, and the glory of God.

We have game time where friendly competition is cultivated, small group time where there is further intentional discipleship between your child(ren) and their respective leaders, and finally large group time where God's truth is shared. We hold a high opinion of Scripture and strive to encourage that within our interactions at club. It ought to come as no surprise that children have a special place in the heart of our Savior. In our collective desire to grow in Christlikeness, we all ought to have that same soft spot in our hearts for the discipleship and growth of our children. As you consider enrolling your child in our AWANA program, you can do so with the understanding that they will have fun, be invested in, the gospel will be shared, and our Bibles will be opened. If you have any questions, please feel free to reach out.
